Viktória Kun-Tomán | Flamcsi knitthings

Flamcsi
KNITTHINGS

The Glamorous Tee is a deep V-neck, dropped-shoulder, sleeveless top that can be worn alone or as a vest. The top is knitted seamlessly from top to bottom, knitted flat to the armholes, then in the round. The shoulder shaping is knit with German Short Rows. The top is designed to be worn with approximately 10-20 cm of positive ease at bust circumference. The pattern includes option to modify the neckline and armhole depth to tailor the top for your own preferences.

(The sample is shown in size XS with approximately 16 cm of positive ease. The model's height is 158 cm.)

YARN

Nina Glamour (50g/195m – 41% polyamide, 35% mohair, 14% nylon, 11% mulberry silk) – or any kind of sport weight yarn that fits the gauge.

YARDAGE

140 (150, 160, 170, 185, 200, 220) g / 540 (570, 625, 670, 715, 780, 860) m - in the case of a different yarn type, the yarn requirement may differ.

NEEDLES & NOTIONS

3.5 mm and 4 mm circular needles 80/100/120 cm long (or any needles needed to obtain the gauge), 4 stitch markers, tapestry needle, stitch holder/waste yarn

GAUGE

20 sts and 26 rows = 10x10 cm on 4 mm needles, measured in Stockinette stitch, after blocking.

Notes on size and yarn choice, modifying the pattern

The original yarn has a very soft fall drapey, so even with the extra bulk, the finished piece remains very light and feminine. For thicker/heavier yarns, you may also choose a smaller size if you don't want a too

baggy look. As the piece is knitted from top to bottom, the armhole depth can be easily adjusted, in case you need a larger armhole for a smaller size.

The pattern is basically designed with a deep V-cut, but it is also possible to shorten the V-cut or even deepen it further if your gauge deviates from the knitting pattern in terms of rows. For detailed instructions on this, see the section on closing the V-cut.

ABBREVIATIONS

bef. – before

BO – bind off

BOR – beginning of round

CDD- center double decrease (slip 2 sts knitwise, knit next st, pass two slipped sts over)

CO – cast on

DS(s) – double stitch(es) (at short rows)

k - knit

k2tog – knit 2 stitches together

k5tog – knit 5 stitches together with a central stitch: slip 3 stitches together as if to knit, k 2 stitches together, pull 3 slipped stitches over this stitch

M – marker

M1L – make 1 stitch left

M1R – make 1 stitch right

p – purl

prev. - previous

PM – place marker

RS – right side

SM – slip marker

sl1wyif – slip 1 stitch with yarn in front

ssk – slip slip and knit (left leaning decrease)

st(s) – stitch(es)

WS – wrong side

yo - yarnove

CHARTS

DIRECTIONS

The knitting starts with the back, forming the neckline and shoulder shaping with short rows, then knit the back to the bottom of the armhole. Then knit the left and right front separately, while forming the shoulder shaping with short rows. Once completing the V-shape, close the left and right front, and when reaching the bottom of the armhole, continue knitting in the round. There are decreases along the armholes. After knitting the body, the waistband is knitted crosswise at the bottom. Armholes and neckline are finished with I-cord.

BACK

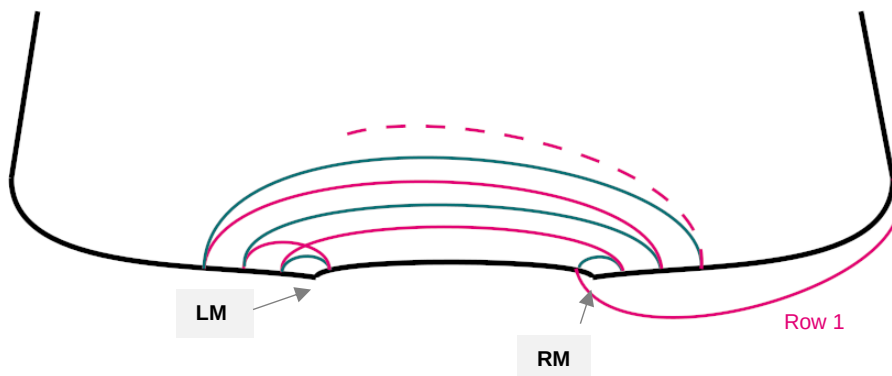

With cable cast on technique (for video tutorial please [click here](#)) 108 (112, 118, 122, 126, 134, 144) sts Make sure to avoid too tight cast on, as the same stitches will be picked up again later for the front and the neckline.

Meanwhile place 2-2 removable Ms after the 39th (41st, 43rd, 45th, 46th 50th, 55th) sts and the 69th (71st, 75th, 77th, 79th, 84th, 89th.) sts. In this way, you mark the edge points of the neckline. Put 2 Ms on each point, one removable M in the cast on row itself, which we will not move as it is used to mark the edges of the neckline, while place the other Ms on the needles between the sts as usual. – With RS facing, the M you placed on the right side is the RM (right marker). This is the starting point of the left shoulder as worn. The M on the left side is the starting point of the right shoulder as worn, and it will be the LM (left marker). Always slip Ms while knitting.

39 (41, 43, 45, 46, 50, 55) sts for the shoulders, 30 (30, 32, 32, 34, 34, 34) sts for the neckline.

Do not use any edge st method along the armhole or the V neckline, just knit in the established pattern: on RS the first and the last st is always knit, on WS always purl. (The row-by-row description always includes edge stitches.)

See drawing for illustration:

Repeat Rows 15-16 another 2 times.

Row 17 (RS): DS, k to end (while work DS)

Row 18 (WS): p to end (while work DS purlwise)

For all sizes, after the last turning point, there is 1 st left on the needle before the end of the row. We have now finished the short row section. Remove all Ms (except those that indicate the neckline edges in the CO row). It is worth putting a removable M in any st of the next RS row (the 1st row after the short row section) to make it easier to count the rows later.

To check yourself, see the table below to see **which stitches on each side of the shoulder lines are the turning stitches (double stitches)**, counting outwards from the marker:

Row 20 (WS): p to end

Row 21 (RS): k2, ssk, k to 4 sts bef. end, k2tog, k2

Row 22 (WS): p to end

Continue knitting in stockinette stitch, while decrease in every 6th row at the armholes (based on the 21th row – decrease in a RS row, then knit 5 further rows without decreases and repeat these 6 rows) until you decreased 6 times in total. You should have :96 (100, 106, 110, 114, 122, 132) sts After the 6th decrease knit one WS row and a further 2 (2, 4, 4, 6, 6, 6) rows without decreases (end with a WS row). Cut yarn, put sts on st holder / waste yarn and continue with the front.

If you have a different number of rows in your gauge, or you want a deeper armhole than the one shown in the measurements table, continue knitting in a straight row until you reach the desired length (note the number of extra rows so that you can knit the front the same number of rows longer). The same applies if you knit a smaller size to achieve a smaller positive ease, but with need for a larger armhole.

FRONT

After picking up the front stitches, similarly to the back, we shape the shoulder line with short rows, while we knit the lace pattern along the V-neckline. Shortly, we will also start increasing along the V-neckline. Again

similarly to the back, there will be 12 (12, 12, 12, 13, 13, 14) turning points along the shoulder lines (2 of which will be within the lace pattern). The turning stitches of the shortened rows are the same as the turning stitches of the back, so you can use the table from the back to double-check yourself. At the end of the short row section, there should be one stitch left after the last turning point at the front. On the left front, we will always turn on the right side, and on the right front, we will always turn on the wrong side.

LEFT FRONT (as worn)

Row 1 (RS): Pick up and knit 39 (41, 43, 45, 46, 50, 55) sts along the cast on edge of the left back shoulder, starting at the M indicating the edge of the neckline to the armhole edge.

We have now finished short rows for sizes XS-L.

For sizes XL-XXL:

Row 27 (RS): k2, SM, 3rd row of Chart1, SM, k to 1 sts after prev. DS (while working DS), turn
 Row 28 (WS): as Row 10

For size XXXL:

 Row 28 (WS): as Row 10
 Row 29 (RS): k2, SM, 5th row of Chart1, SM, k1, M1L, k to 1 sts after prev. DS (while working DS), turn
 Row 30 (WS): as Row 10

For all sizes:

We have now finished shaping the shoulder line with short rows. You should have 44 (46, 48, 50, 51, 55, 61) sts. Continue knitting flat, while shaping the armhole and the V neckline.

Increase along the V neckline first in every 4th row, later in every 2nd row and decrease along the armhole in every 6th row.

You can find the exact order of increases and decreases in the 'Chart about decreases and increases and lace schedule' table on page 11. The table shows the short row part as well. Do not forget to work DS in the upcoming first row.

From now on, knit all WS rows as follows: p to M, SM, k1, p10, k1 (WS row of Chart1), SM, p2

Knit as follows:

- **Where there are neither increases nor decreases:** k2, SM, next row of Chart1, SM, k to end
- **Where there is increase along the V neckline:** k2, SM, next row of Chart1, SM, k1, M1L, k to end
- **Where there is decrease along the armhole:** k2, SM, next row of Chart1, SM, k to 4 sts bef. end, k2tog, k1
- **Where there are both increases along the V neckline and decreases along the armhole:** k2, SM, next row of Chart1, SM, k1, M1L, k to 4 sts bef. end, k2tog, k2

Knit according to the chart mentioned above until Row 61 (61, 63, 63, 67, 67, 69), then knit a WS row. You should have 48 (50, 53, 55, 57, 61, 66) sts.

Cut the yarn, put the sts on a st holder/waste yarn and continue with the right front.

If your front pieces to the back and continue increasing along the V-neck until you reach the specified number of stitches.

If you want a deeper/higher V-neck, adjust the increases on your piece (this is especially true if the number of rows in your gauge is different, and you need to adjust the pattern concerning the length). If you want a deeper neckline, do increases all the way through in every 4 rows. If you want a higher neckline, start increasing in every 2 rows earlier.

If you want a deeper neckline while keeping the originally specified armhole length, once you reach the same number of rows as the back at the front, join your front pieces to the back and continue increasing along the V-neck until you reach the specified number of stitches.

RIGHT FRONT (as worn)

Row 1 (RS): Pick up and knit 39 (41, 43, 45, 46, 50, 55) sts along the cast on edge of the right back shoulder, starting at the armhole to the M indicating the edge of the neckline.

Row 30 (RS): p2, SM, k1, p10, k1, SM, p to end (while work DS purlwise)

For all sizes:

We have now finished shaping the shoulder line with short rows. You should have 44 (46, 48, 50, 51, 55, 61) sts. Continue knitting flat, while shaping the armhole and the V neckline.

Increase along the V neckline first in every 4th row, later in every 2nd row and decrease along the armhole in every 6th row.

You can find the exact order of increases and decreases in the 'Chart about decreases and increases and lace schedule' table on page 11. The table shows the short row part as well. Do not forget to work DS in the upcoming first row.

From now on, knit all WS rows as follows: p2, SM, WS row of Chart 2 (k1, p10, k1), SM, p to end

Knit as follows:

- **Where there are neither increases nor decreases:** k to M, SM, next row of Chart2, SM, k2
- **Where there is increase along the V neckline:** k to 1 st bef. M, M1R, k1, SM, next row of Chart 2, SM, k2
- **Where there is decrease along the armhole:** k2, ssk, k to M, SM, next row of Chart2, SM, k2

- **Where there are both increases along the V neckline and decreases along the armhole:** k2, ssk, k to 1 st bef. M, M1R, k1, SM, next row of Chart 2, SM, k2

Knit according to the chart mentioned above until Row 61 (61, 63, 63, 67, 67, 69), and knit a WS row. You should have 48 (50, 53, 55, 57, 61, 66) sts.

Followingly, we connect the right and left front and the back, and we finish closing the V neckline and continue knitting in the round for the whole body.

CLOSING V-CUT, JOIN BODY IN THE ROUND

We are now at the beginning of the RS row of right front. Place back the left front and the back sts to the needle, so that the right front is followed by the left front and then the back sts

Row 1: k to 1 sts bef. M, M1R, k1, SM, next row of Chart2, SM, k1, kfb, k2, SM, next row of Chart1, SM, k1, M1L, k through the back sts, PM (BOR) - 3 sts increased

Row 2: k to M, SM, next row of Chart2, SM, k5, SM, next row of Chart 2, SM, k to BOR.

Row 3: k to M, SM, next row of Chart2, SM, k5tog, SM, next row of Chart 2, SM, k to BOR.

If you want a larger armhole, work only the first part of Row 1, and join the back sts only when you have reached the desired armhole depth. In this case, Row 2 (ws) is worked as follows: p to M, SM, WS row of Chart 1, SM, p5, SM, WS row of Chart2, SM, p to end. After Row 3, p1 (on WS) or k1 (on RS) between the lace parts (between Chart1 and Chart2).

It is important that the longer the front piece is worked, the longer the back piece should be worked. So, if you have knit 6 rows more on the back, work the 3 rows of closing above, then 3 more rows (WS, then another RS and a WS) and then connect the back and join in the round.

BODY

You should have 191 (199, 211, 219, 227, 243, 263) sts – front: 95 (99, 105, 109, 113, 121, 131) sts, back: 96 (100, 106, 110, 114, 122, 132) sts.

Continue knitting in the round as follows: k to M, SM, next row of Chart 2, SM, k1, SM, next row of Chart1, SM, k to BOR. If it is distracting, you can remove the two Ms that mark the lace pattern in the front.

Continue in pattern until you reach 20 (22, 23, 25, 26, 28, 30) cm or until you reach 5.5 cm less than your desired length, measured from the armhole. Ideally end with Row 10 of charts. Switch to smaller needles in the last round (if you want a wider waistband, you don't have to, see detailed description in the Waistband section)

Waistband

At the bottom, the waistband will be worked crosswise with a smaller needle using a slipped stitch technique. This method will narrow the waistband to a certain level, so your top will be narrower at the bottom than at the bust (about 12-15 cm in circumference, slightly less than the extra width of the top in relation to the bust measurement - IMPORTANT: the waistband will only be tighter if it is knitted tightly enough, so it is important to keep the tension tight all the way through to ensure a proper hold). If you want the waistband to be the same width as the rest of the body, do not switch to a smaller needle. If you want to make the waistband even narrower, decrease 10-15 sts evenly spaced each on the front and on the back, depending on how narrow you want the waistband.

We are now at BOR, the sts are on the smaller needle. Using the Cable cast on method, CO 23 sts (for a narrower/wider waistband reduce/increase the number of stitches, but you should CO an odd number). From

now on, we will continue knitting crosswise, on RS rows always knit one additional st from the body to the waistband.

Row 1 (RS): *k1, p1, repeat from * 11 times**, ssk

Row 2 (WS): *sl1wyif, k1, repeat from * 11 times, sl1wyif

Row 3 (RS): * k1, sl1wyif, repeat from * 11 times, ssk

**If you modified the number of stitches casted on for the waistband, repeat 1 more/less per 2 sts (e.g. if yo CO 2 sts more, repeat 1 more time etc.)

Repeat Rows 2 and 3 until you have worked around the body with the waistband. Do not knit the last WS row, but cast off the sts on two needles so that knit sts are on one needle and purl sts on the other. Using the Kitchener stitch technique, first sew together the knit stitches at the two ends of the waistband on the RS using a tapestry needle, then turn the piece inside out and sew together the living sts with the other end (on the WS, these living sts are shown as knit sts). NECKLINE AND ARMHOLE ENDING

Neckline ending

Using the smaller needle, starting from the point between the back and the right front, pick up 155 (155, 161, 161, 171, 171, 175) sts along the neckline (all sts from back neckline and 1 st from each row along the V-cut): 30 (30, 32, 32, 34, 34, 34) sts for the back, 62 (62, 64, 64, 68, 68, 70) sts for the left V neckline, 1 middle st at the bottom of the V, 62 (62, 64, 64, 68, 68, 70) sts for the right neckline.

If you find that your neckline is not deep enough/too deep, you can improve it by knitting the i-cord ending with a larger/smaller needle, or you can even shorten the depth by picking up less sts. If you know that you are loosely knitting the i-cord, you should pick up fewer stitches from the front, because the smaller needle size may not be enough for you and the lace pattern can easily be stretched along the edge.

CO 3 new sts on your needle (I recommend to use the Cable cast on method, video tutorial [here](#)) and BO with I-cord. Weave in the ends with a tapestry needle.

I-cord bind off: *k2, k2togtbl, put the 3 sts from the right needle back to the left needle, repeat from * (video tutorial [here](#))

Armhole ending

Using the smaller needle, pick up 76 (76, 80, 80, 84, 84, 84) sts along the armholes (1 st from every row – if you knitted larger armhole that was written in the pattern, pick up as many more sts as you have worked more rows. CO 3 new sts on your needle and BO with I-cord as for the neckline. Cut yarn, weave in the ends with a tapestry needle.

I-cord bind off: *k2, k2togtbl, put the 3 sts from the right needle back to the left needle, repeat from * (video tutorial [here](#))

Repeat on the other armhole.

FINISHING

Weave in all ends and block after washing. Dry flat, take care not to overblock.
