

Notes

This pattern was designed to showcase the beautiful green yarn I bought as a souvenir from a mini road trip last year.

Instructions are provided for three sizes: S (M, L), with 68 (76, 84) stitches per round. The fit is similar to a vanilla sock with 64 (72, 80) stitches per round, to fit a foot circumference of 8.75 (10, 11)" or 22.5 (25, 28) cm. Most of the pattern is charted only. You may use any technique you prefer for knitting a tube in the round.

Supplies

100g of solid-coloured sock yarn (fingering weight, wool/nylon mix)

2.5mm (US1.5) needles, or size needed to obtain gauge

Crochet hook or extra needle, in a similar size to your needles (optional, but potentially useful)

Cable needle (if you need one)

Stitch markers

Yarn needle

Gauge

8 stitches and 11 rows = 1 inch / 2.5 cm in reverse stockinette.

Abbreviations

General	st(s) = stitch(es) BOR = beginning of round RS = right side WS = wrong side LHN = left-hand needle RHN = right-hand needle CN = cable needle
Basic stitches	k = knit p = purl sl = slip purlwise with yarn to WS k tbl = knit through the back loop
Increases and decreases	k2tog = knit 2 together ssk = slip 2 sts knitwise separately, knit slipped sts together through back loops p2tog = purl 2 together

Cables	2/2 LC = slip 2 sts to CN and hold in front, knit 2 sts, knit 2 sts from CN 2/2 RC = slip 2 sts to CN and hold in back, knit 2 sts, knit 2 sts from CN 2/2 LPC = slip 2 sts to CN and hold in front, purl 2 sts, knit 2 sts from CN 2/2 RPC = slip 2 sts to CN and hold in back, knit 2 sts, purl 2 sts from CN 1/1 LPT = slip 1 st to CN and hold in front, p1, k1tbl from CN 1/1 RPT = slip 1 st to CN and hold in back, k1tbl, p1 from CN
Special stitches	sd6p = slip 1, work 6 dip sts through highlighted k sts below from right to left, move 7 sts to LHN, pass 6 dip sts over, return 1 st to RHN d6sp = work 6 dip sts through highlighted k sts below from right to left, slip 1, pass 6 dip sts over <i>(Please refer to the “Special Stitches” section below for more details.)</i>

Special Stitches

Video (captions only, no audio): <https://youtu.be/WWG-eambOos>

Dip stitches are used to create the flower motifs in this pattern. In the 6 rows before a dip stitch, there are 6 knit stitches arranged in a fan shape (highlighted in yellow in the chart), which indicate where to insert the needle/hook for the 6 dip stitches.

When instructed to work a dip stitch, insert your needle tip (or a crochet hook or spare needle) through the middle of the rightmost knit stitch below from RS to WS, wrap the yarn, and pull up a loop from WS to RS. Make sure to tension this loop appropriately so that it is not too loose or too tight. Repeat for the remaining 5 dip stitches, going through the knit stitches below from right to left. (If using a crochet hook or spare needle, transfer these 6 loops to your RHN now.)

For symmetry, there are two ways to resolve these 6 loops. In **d6sp** (dip 6, slip, pass over), you work the 6 dip stitches first, slip the next stitch, and pass the 6 loops over the slipped stitch. This results in the rightmost dip stitch lying on top of the stack. In **sd6p** (slip, dip 6, pass over), you slip 1 stitch first, and then work the 6 dip stitches, with some extra slipping required afterwards to be able to pass the 6 loops over the slipped stitch. This results in the leftmost dip stitch lying on top of the stack.

Clue 1

Cast on 68 (76, 84) sts, using a stretchy cast-on of your choice. Join for working in the round. The first 40 (40, 44) sts will form the instep, and the next 28 (36, 40) sts will form the back of the leg. Use markers or needle boundaries to divide the stitches accordingly.

Work Chart 1A over the 40 (40, 44) instep sts, and work Chart 1B twice over the 28 (36, 40) back of leg sts. Work rows 1-4 a total of 3 times, or 12 rounds, and then proceed to the rest of the chart.

Note that the beginning of Chart 1A row 8 is correct; the rib continues until the cable column.

There are two versions of Chart 1A, one for each sock, so that the instep pattern is mirrored on the second sock. I chose not to mirror the Chart 1B pattern on the back of the leg because I think knit/purl patterns look better that way, but you can choose to read the chart from left to right on your second sock if you prefer.

Chart 1A (right sock)

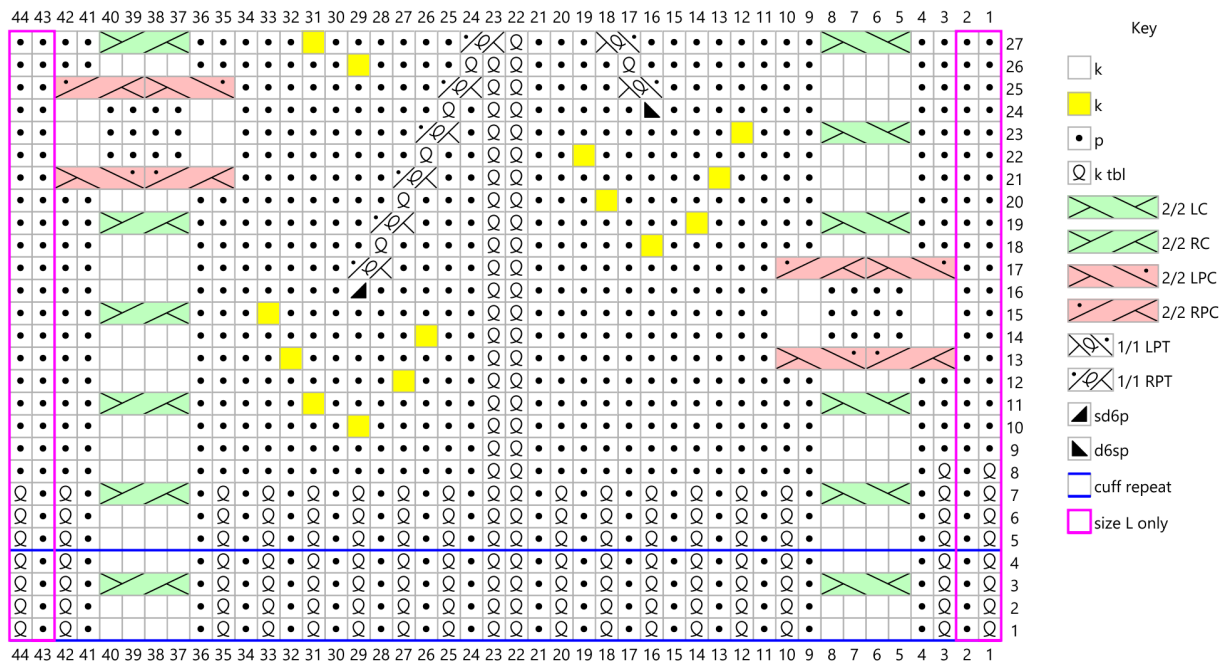

Chart 1A (left sock)

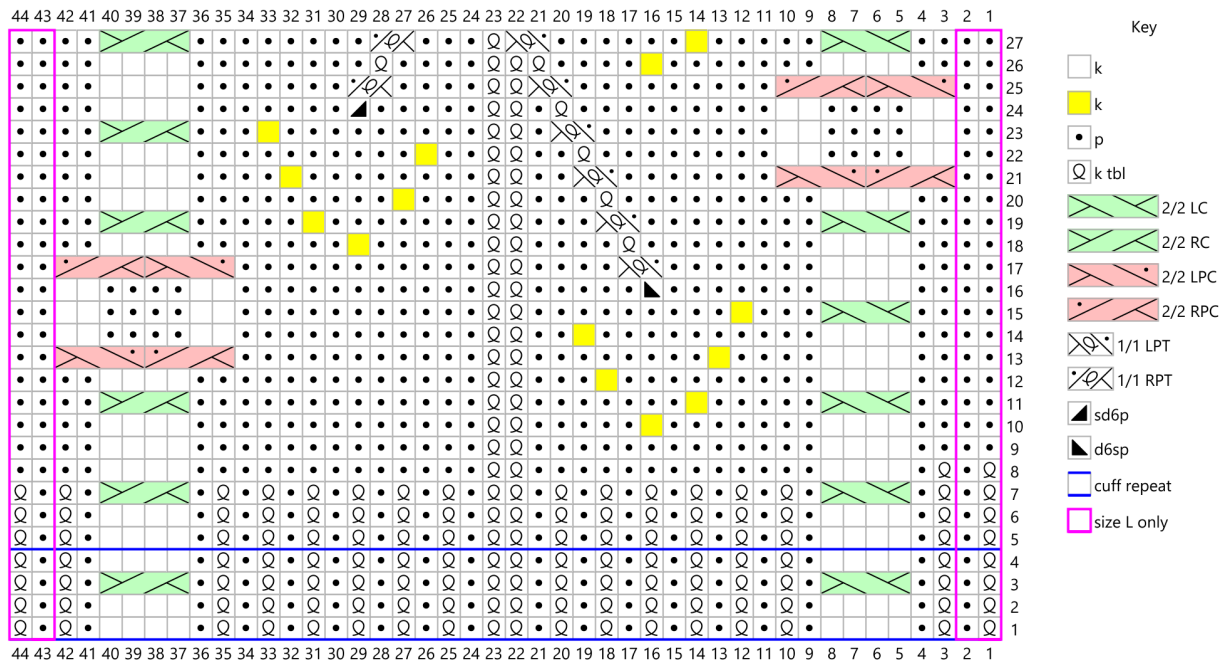

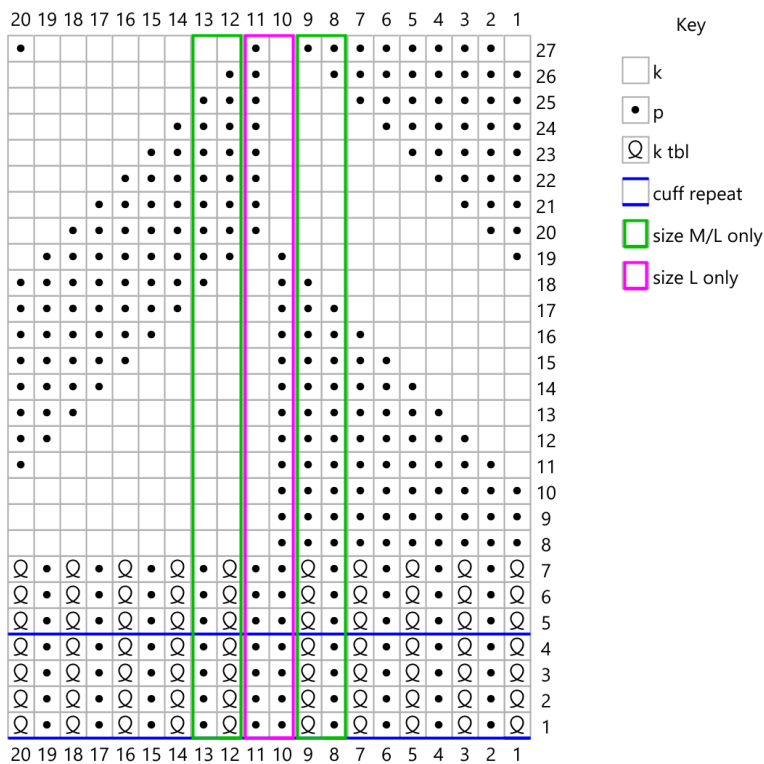

Chart 1B

Clue 2

Work Chart 2A over the 40 (40, 44) instep sts, **starting with row 1 for the right sock, and row 9 for the left sock**. On the back of the leg, work Chart 2B twice over the 28 (36, 40) back of leg sts, starting with row 1.

Repeat the charts until desired leg length, ending after row 6 or row 14.

Turn and work the heel flap over the 28 (36, 40) back of leg sts, starting with a WS row.

Row 1 (WS): k1, p26 (34, 38), k1. Turn.

Row 2 (RS): k1, *sl1, k1,* repeat from * to * until 1 st remains, k1. Turn.

Row 3 (WS): k1, p26 (34, 38), k1. Turn.

Row 4 (RS): k1, *k1, sl1,* repeat from * to * until 1 st remains, k1. Turn.

Work rows 1-4 a total of 10 (11, 12) times, or 40 (44, 48) rows, or until desired length.

The heel turn also begins with a WS row.

Row 1 (WS): sl1, p14 (18, 20), p2tog, p1. Turn.

Row 2 (RS): sl1, k3, ssk, k1. Turn.

Row 3 (WS): sl1, p until 1 st before gap, p2tog, p1. Turn.

Row 4 (RS): sl1, k until 1 st before gap, ssk, k1. Turn.

Repeat rows 3-4 until all stitches have been consumed. Do not turn after the final RS row. 16 (20, 22) sts remain.

Chart 2A

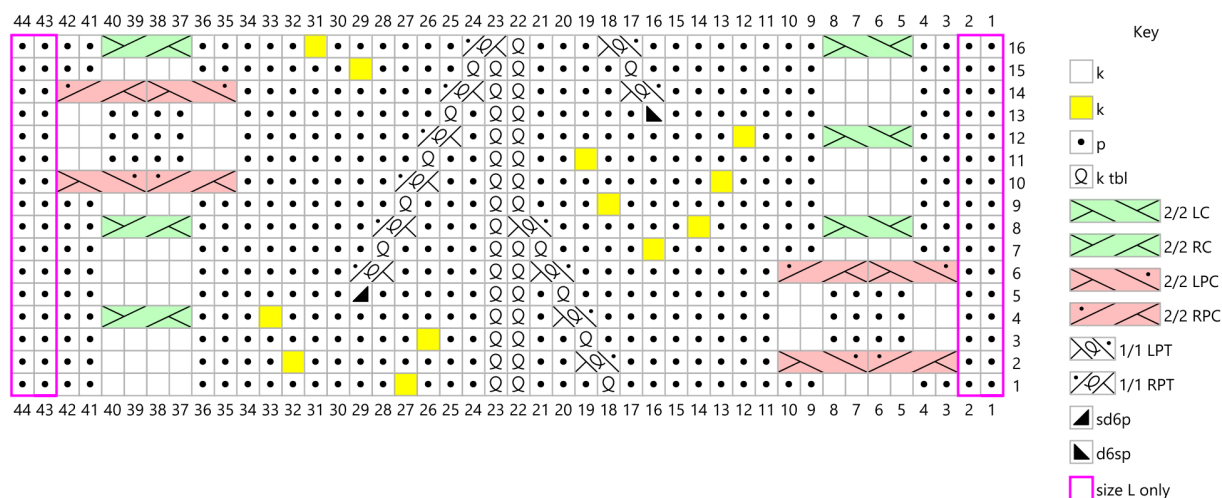

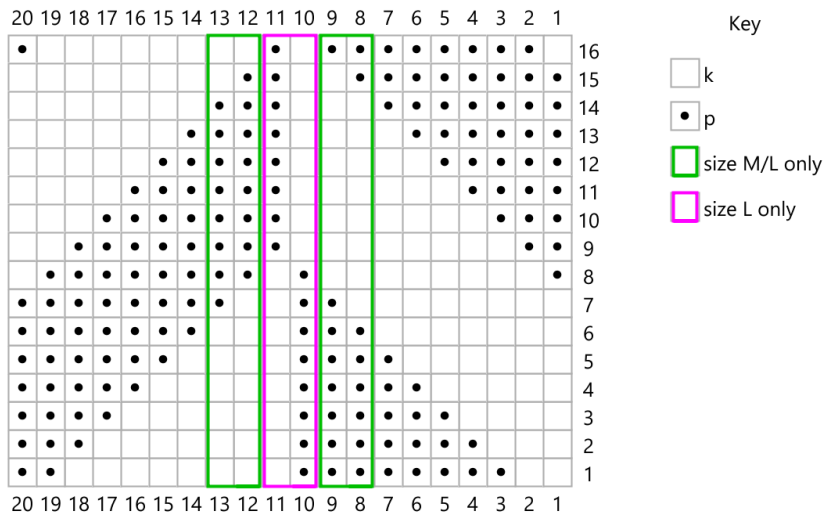

Chart 2B

Clue 3

We will now do gusset decreases in the middle of the sole, while the flowers and cables pattern continues on the instep.

Gusset pickup: With RS facing, pick up and knit 20 (22, 24) sts along the side of the heel flap (or 1 st for every 2 heel flap rows). The BOR is here. Work 40 (40, 44) instep sts according to row 7 or 15 of Chart 2A, depending on where you left off. Pick up and knit 20 (22, 24) sts along the other side of the heel flap (or the same number as the first side). Knit 8 (10, 11) sts to the center of the heel turn; place a marker here. Knit to BOR.

Round 1 (decrease round): Work 40 (40, 44) instep sts according to next row of Chart 2A. K to 3 sts before marker, ssk, k1, slip marker, k1, k2tog, k to BOR.

Round 2 (normal round): Work instep according to next row of Chart 2A. K to BOR.

Repeat rounds 1-2 until 28 (36, 40) sole sts remain. The gusset decreases are now complete.

Continue to repeat Chart 2A on the instep and knit all sole sts. Stop after row 6 or row 14 of Chart 2A, leaving at least 2.5 (3, 3.25)" / 6.5 (7.5, 8.5) cm / 28 (32, 36) rounds to go before desired foot length.

Clue 4

To transition to the toe, we will use Chart 4A or 4B to finish the current flower stem without starting a new flower. Work Chart 4A (if you ended after row 6) or 4B (if you ended after row 14) once over the 40 (40, 44) instep sts, and knit the 28 (36, 40) sole sts.

Because of the decreases on row 11, you now have 36 (36, 40) instep sts and 28 (36, 40) sole sts, for a total of 64 (72, 80) sts.

Size S only: K2 (these are now sole sts), move BOR here. Move 2 sts from the end of the instep to the beginning of the sole, so that you now have 32 instep sts and 32 sole sts.

Throughout the toe, work the instep in pattern; i.e., continue the p and ktbl columns as in row 12. The following section references the end of instep, which is the halfway point of the round, so place a marker there if you need it.

If necessary, work additional rounds in pattern until you are 1.5 (1.75, 2.25)" / 3.5 (4.5, 5.5) cm / 16 (20, 24) rounds short of desired foot length. (Read ahead - you can also add additional rounds during the toe decreases.) Work the toe as follows:

Round 1: K1, ssk, work in pattern to 3 sts before end of instep, k2tog, k1; k1, ssk, k to 3 sts before BOR, k2tog, k1. (4 sts decreased)

Round 2: Work in pattern to end of instep; k to BOR.

Work rounds 1-2 a total of 6 (8, 10) times, until 20 sts remain per side. Work round 1 only 4 times, until 12 sts remain per side. Feel free to adjust the rate of decrease to fit your toe better by adding or removing plain rounds between decrease rounds, or ending at a different stitch count.

Cut yarn, leaving a long tail (8 inches / 20 cm), and graft the toe. You can eliminate "ears" by treating the 2nd and 3rd stitches from each end as a single stitch when grafting. (So when you "knit on" or "knit off", you pass the needle through both stitches as if working a k2tog, and when you "purl on" or "purl off", you pass the needle through both stitches as if working a p2tog.) This might be a little fiddly, but it has the effect of continuing the decrease pattern while grafting.

Chart 4A (if you ended after row 6)

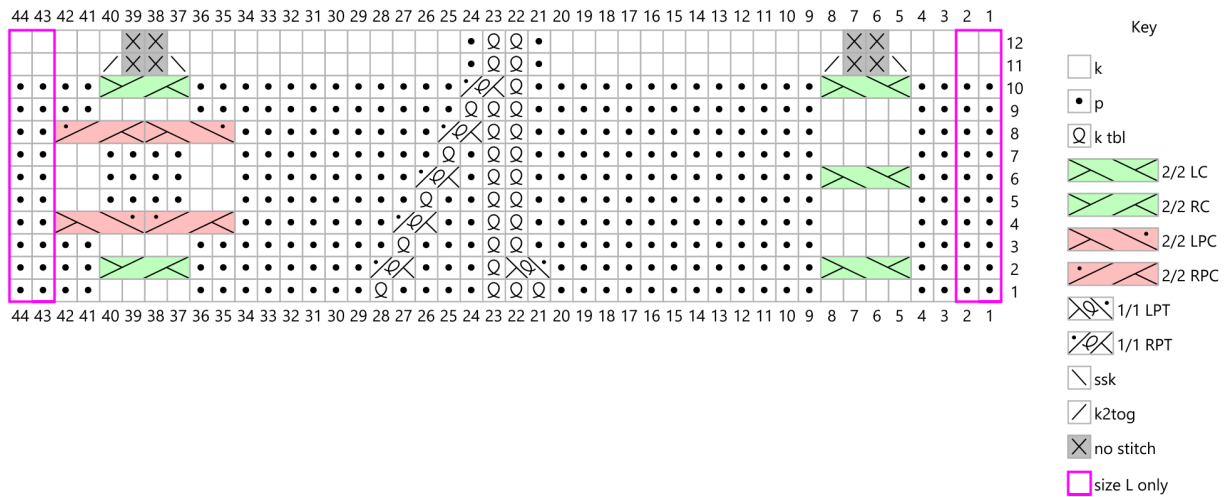

Chart 4B (if you ended after row 14)
